The authors of “The Mobile Insulin Titration Intervention (MITI) for Insulin Glargine Titration in an Urban, Low-Income Population: Randomized Controlled Trial Protocol” (*JMIR Res Protoc* 2015;4[1]:e31) are adding their insulin glargine titration algorithm to this protocol paper. The authors feel that readers

may be interested in seeing the algorithm used in the trial. The algorithm was added as [Multimedia Appendix 2](#) to the paper and the article was resubmitted to Pubmed Central.
