An acknowledgment in the paper by Pensak et al, entitled "Development of a Web-Based Intervention for Addressing Distress in Caregivers of Patients Receiving Stem Cell Transplants: Formative Evaluation With Stakeholder Interviews and Focus Groups" [*JMIR Res Protoc* 2017;6(6):e120], was inadvertently omitted during typesetting. The following information concerning funding should have appeared: "Acknowledgements: Funded in part by grants from NIA T32AG044296 (JK to NAP) and NCI CA126071 (MLL) and a contract from PCORI CE1304-6208 (MLL)."

In addition, the article's original title has been changed to: "Development of a Web-Based Intervention for Addressing Distress in Caregivers of Patients Receiving Stem Cell Transplants: Formative Evaluation With Qualitative Interviews and Focus Groups."

The acknowledgment and new title will appear in the online version of the paper on the JMIR website on August 15, 2017, together with the publication of this correction notice. Because this was made after submission to PubMed, the correction notice has been submitted to PubMed. The corrected metadata have also been resubmitted to CrossRef.
