In “Development and Validation of a Scale to Measure Intimate Partner Violence Among Transgender and Gender Diverse Populations: Protocol for a Linear Three-Phase Study (Project Empower)” (*JMIR Res Protoc* 2020;9(11):e23819), corrections have been made to the authorship list and to the text of the paper to clarify the methods of the protocol.

Author Erin E Bonar has been added to the authorship list of the revised paper. The revised list of authors and affiliations is as follows:

*Rob Stephenson<sup>1\*</sup>, MA, MSc, PhD; Kieran Todd<sup>2</sup>, MPH; Kristi E Gamarel<sup>3</sup>, PhD; Erin E Bonar<sup>2,4,5</sup>, PhD; Sarah Peitzmeier<sup>1\*</sup>, PhD*

<sup>5</sup>*The Injury Prevention Center, University of Michigan, Ann Arbor, MI, United States*

\*these authors contributed equally

To clarify the age of the participant group, mentions throughout the paper of participants as “aged over 15 years” have been changed to “aged 15 and above.”

The section “Protection of Human Subjects” has been edited to clarify the risk management plan for participants.

References 40 and 45 in the original manuscript have been removed. 3 new references have been added to the reference list as References 41-43 and are cited in the “Health Outcomes” section. References have been renumbered accordingly. The full revised reference list appears below [1-86].

In the “Health Outcomes” section, the measure of suicidal ideation has been removed. The measure of substance abuse has been changed to the following:

*Substance use measures will assess the use and frequency of use of alcohol and other drugs in the past 3 months and are based on prior work [41-44].*

The correction will appear in the online version of the paper on the JMIR Publications website on May 12, 2021, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.
